TECHNOLOGIES: ▼

FORCE SYSTEM®

The construction of the tool combining flexible with rigid parts guarantees a perfect coupling and a constant contact on surfaces, **avoiding marks and scratches on the polish**

We recommend applying **Force System technology on the finest grits** to achieve the highest polishing and shining quality.

Ability to produce these products in **any diameter**.

Ecological. This product does not contain substances prohibited according to the regulation (CE) n°1907 / 2006
