DETER-HYGIENIC

Hygienic Detergent.

REMOVES MOSS AND GREEN

TECHNOLOGIES: ▼

_Removes Moss, Green and Algae.

_Quarternary Ammonium Compounds.

_Bactericidal and Bacteriostatic.

_Deodorant power.

_Controlled foam.

Antifoam additives prepared for automatic machines.

_Level control through viewer.

Filling control system that allows knowing at a glance how much product is remaining.

_Concentrated product.

A unique formula that allows to concentrate the product for higher performance.

_Dosing and drip cap.

_Perfumed.

USE METHOD: ▼

_Manual application to remove Moss, Green and Algae (10-20%):

Dilute 1000 to 2000 ml of **DETER-HYGIENIC** in 10 liters of water according to dirt level. Apply with a brush or paint brush on the surface to be cleaned and allow to act for a few minutes. Finally rinse preferably with hot water vigorously rubbing the surface.

_Application with high pressure machine to remove Moss, Green and Algae (2-5%): Introduce pure **DETER-HYGIENIC** inside the high pressure machine. Regulate the potentiometer of the machine from 2 to 5% depending on the dirt level to be removed. Apply the solution of product on the surface to be cleaned according to the machine instructions. Finally rinse with water.

_Hygienization (1-3%): Dilute **DETER-HYGIENIC** from 100 to 300ml in 10 liters of water according to dirt level. Apply with mop or cloth on the surface to be cleaned. Allow to act for a few minutes and rinse.

_Deodorization (100%): Apply pure **DETER-HYGIENIC** with a sponge or cloth, on the surface to be cleaned.

_Ecological. This product does not contain prohibited substances according to the regulation (CE) n°1907 / 2006

_All our containers are certified by Ecoembes Recycling Company.

_Product destined to professional use.
