STAIN-OFF

Degreasing Detergent.

HIGH EFFICIENCY

TECHNOLOGIES:

Fast action.

Controlled foam.

Antifoam additives prepared for automatic machines.

Concentrated product.

A unique formula that allows to concentrate the product for higher performance.

High degreasing power.

Level control through viewer.

Filling control system that allows knowing at a glance how much product is remaining.

Non toxic.

Dosing and drip cap.

Perfumed.

USE METHOD:

Manual application (2-4%): Dilute 200 to 400ml of **STAIN OFF** in 10 liters of water according to dirt level. Apply with mop to clean the surface. Leave on for a few minutes and rinse.

Application with high pressure machine (1-3%): Introduce pure **STAIN OFF** in high-pressure machine. Adjust the potentiometer of the machine from 1 to 3% depending on the level of dirt to remove. Apply the product solution on the surface to be cleaned according to the machine instructions. Finally rinse with water.

Scrubbing machine application (1-2%): Dilute 100 to 200ml of **STAIN OFF** in 10 liters of water according to dirt level, inside the tank with clean water in scrubbing machine. Start by scrubbing according to the scrubbing machine instructions.

Application with rotating machinery (5-10%): Dilute 500 to 1000ml of **STAIN OFF** in 10 liters of water according to dirt level, and distribute with mop to clean the surface. Use low-speed rotating machine (140-250r.p.m) and brown or black FLOOR PAD. Rinse and pick up dirt, preferably with wet vacuum.

Ecological. This product does not contain prohibited substances according to the regulation (CE) n°1907 / 2006

All our containers are **certified** by Ecoembes Recycling Company.

Product destined to **professional use.**
