TECHNOLOGIES:

_A controlled and homogeneous dispersion of the diamond, makes this technology the perfect combination to achieve superior **Diamond Resin Abrasives**.

_Example of maximum industrial automation by means of a multi-press system executed by robotic arms. Hereby we ensure the **maximum precision in processes and products**, with **constant quality** that differentiates us.

_Revolutionary diamond formula with **absence of pigmented fillers**. Eliminates the danger of transferring color to surfaces, achieving a **perfect polish on any surface**.

_Revolutionary **polishing system in just three steps**. Reduce unnecessary steps to get the level of polish and shine desired, **saving costs of tool and work time**.

_ **Individual identification** by marking and color code, informing of the corresponding grit/step.

_ **Ecological**. This product does not contain substances prohibited according to the regulation (CE) n°1907 / 2006
